Michael Dang | (Software Engineer)

Oklahoma City, OK | 123-123-1234 | michaeldangse@gmail.com | Portfolio | LinkedIn | Github

---

SUMMARY

Full-Stack Software Engineer with a background in healthcare and customer service. I carry a diverse array of skills and a client-focused mindset in everything that I do! In my previous career, I was a nurse, and with that clinical experience, I was able to learn a lot about providing exceptional care to achieve a goal. I have communication, problem-solving, and analytic skills from my previous experiences, to work in tandem with my expanding technical skills to contribute to developing projects and software from start to end. Whether it's assisting in an emergency or working to solve a code break, I strive to make a positive impact on anything in front of me.

TECHNICAL SKILLS

Languages: Node.js, Python, JavaScript, HTML, CSS, SQL, Mongo, JSON, Typescript, EJS, DTL
Libraries and Frameworks: React, Express.js, Django, Jquery, Bootstrap, Semantic UI, Bulma
Databases and other: PostgreSQL, MongoDB, RESTful Routing, JSON API
Interpersonal skills: Relentless optimism, biased towards action, team over self, focus on people and results, aggressive learning, highly collaborative, strategic problem solver, strong written and verbal communicator
